PLANNING & ZONING COMMISSION

Attention: Ken Edgar, Chairman

Re: Weston Dog Park

Dear Mr. Edgar:

Enclosed are revised site plans of the proposed dog park to be located on the Weston owned property referred to as the More Property. The entrance to the park will be off of Lords Highway East. Listed below are the latest revisions dated February 26, 2018.

1. The cultec recharger system that will collect the additional runoff from the proposed access drive has been enlarged.
2. The sizes of the catch basins at the entrance to the dog park have been enlarged.
3. The use of asphalt millings for road base has been removed and replaced with $\frac{3}{4}$ inch stone process material 12 inches in depth.
4. Provided construction elevations of the proposed cultec recharger system.
5. The drainage analysis of the recharger system is still under review and may change.
