Town Administrator, Jonathan Luiz  
Weston Town Hall

Re: Cost Breakdown Estimates  
Weston Dog Park

Jonathan:

Enclosed is a breakdown of cost estimates for the proposed dog park to be located on Lords Highway East. The cost breakdowns show the total cost of the project and the breakdown of the Town's participation and the Weston Dog Park Inc. participation.

Again the costs listed above are preliminary at this time and will most likely change once the project is sent out for construction bids.

A handwritten signature in cursive script that reads "John Conte".

John Conte P.E.

### Construction Costs Estimates for the Weston Dog Park

\$209,928 is the total estimated cost to construct the dog park on the 36 acre property located off of Davis Hill Road and Lords Highway East.

The Weston Dog Park Inc. would contribute \$84,760 towards the total cost. This amount covers costs associated with constructing the following: parking area and turnaround (\$54,000); Fencing (\$29,760); and signage (\$1,000).

The Town would cover the remaining cost of \$125,168. This amount covers costs associated with constructing the driveway.

All costs listed above include a 20% contingency.
