**Board of Selectmen's Budget Notes**

For 2013-14, the budget proposed combining Planning & Zoning, Zoning Board of Appeals, Conservation Commission and the Building Department under one centralized Land Use Department. Also, the positions of Town Engineer and P&Z Administrative Assistant have been transferred here from the Administration and Finance budget.

103: Due to increased activity, this budget increases the Building Inspector hours by 3.5 per week (3.5 x 52 x 38.57 = \$7,020), and the Director's weekly hours by 3 (3 x 52 x \$41.87 = \$6,531). The budget is offset by eliminating Building Inspector overtime (\$1,505). Increases in Department revenue more than offset these increased expenses.

203: 209: There has been some reclassification of expenses between these two categories year to year.

## Board of Selectmen's Budget Notes

The \$10,000 overall increase is due to a \$17,000 increase in Equipment repairs (46%) mitigated by other offsets. During the Selectmen's budget hearing, the Department reported that, in addition to providing up to \$600,000 to the Town for capital needs over the next 3 years, it will use the Vitale bequest to improve its system of dry hydrants, and meet the upkeep need at Station 2.
