

Minutes
Bicycle and Pedestrian Committee
Wednesday December 5, 2012

Our Chairman opened the meeting and enlightened committee members about what has been going on in other towns around CT regarding bike/ped awareness.

Jan let committee members know that it has been slow going on her road (Pent) and the bridge that the town wants to widen on Godfrey Rd

Bernie is still working on the cutthru. There are challenges due to security at the schools. Trying to rethink to keep all safe and utilize the cutthru.

Ray asked all committee members to renew their membership on Bike/Ped. Everyone would like to stay on the committee.

We all decided to keep our meeting on the first Wednesday of every month at 12:30 for 2013.

Goals/ ideas: closing half of school road during the summer on Sundays for a few hours. Can that be done ? Can sports events still happen smoothly if this happens. Would there be any town, school.....volunteer organization committee that would be interested in spearheading a Weston day or a taste of Weston event?

Meeting closed 2:30
