Meeting convened at 9:15 a.m.

Corrected minutes from September meeting were approved.

Wendy spoke about getting a clearer view of Weston's age population, especially children under the age of 18 and the senior citizens over the age of 55. She went on to discuss the Flea Market held at the center last month. The activity was a success, netting \$ 1,300. Various ways to market future events were discussed.

Nina discussed the current location of the senior center and MOU agreement is approaching it's final year. With various options, stay in South House, Administration Building or somewhere else, it's important to have a permanent location. If we are to continue at the current location a document is needed to allow us to continue that is detailed on the location and length of time we can occupy.

Meeting adjourned at 9:55 a.m.

-to allow the commission time to attend Fairfield Senior Advocates Program at our center.

Respectfully submitted,
