To: Weston Residents

From: First Selectman Chris Spaulding

Re: COVID-19 Virus Recommendations

Following the declared State of Emergency and Public Health Emergency and the recommendations from our Connecticut Governor’s Office and the State Department of Public Health, we are asking our residents who are attending or planning events, programs and meetings in Weston, to limit attendance to no more than 100 people. You should also be aware of whether your space will allow proper “social distancing” (6 feet is recommended). Note that these are not requirements, but guidelines strongly recommended by the State.

Please consider either canceling or postponing these events, or if possible offering them online through streaming or recording. Superintendent, Dr. McKersie, has already sent out a similar message to WPS families and staff.

These recommendations should be taken very seriously by all our residents, however residents who are aged 60 and older should be extra cautious and aware of CDC guidelines as they are considered higher risk.

Thank you for your cooperation.
