Present

A Film/Lecture Series:

Five Tuesdays devoted to the Sustainable Food Movement

In the **McManus Room** at **Westport Public Library**

20 Jesup Road, Westport CT

Tuesday, March 23rd
7:00 pm

What is Permaculture?

Permaculture (permanent culture) links natural ecosystems to our own gardens, farms and communities, creating self-sustaining ways to grow food with better yields, and harness energy naturally. Join us for a look at the evolution of Permaculture and how we can incorporate this way of living into our own lives and community.

We will have two speakers: **Dina Brewster**, local sustainable farmer and manager of The Hickories in Ridgefield and **Alan Gorkin**, horticulturalist, teacher and sustainable grower.

Upcoming Films and Lectures in this series include:

April 6 – Film: *The Real Dirt on Farmer John*

April 13 – Panel Discussion on Creating a local Foodshed
