

Weston Planning and Zoning Commission Appreciation Letter

We thank the nearly 200 residents who gave their time to participate in our Community Planning Conversation on Saturday April 22. We agree that Weston has some rare and hard-to-duplicate qualities, especially our low density, two-acre residential zoning, our family-town character and the natural beauty that surrounds us. Our goal is to maintain these attributes while responding smartly and appropriately to the needs of our residents and the community as a whole. We appreciate the many thoughtful comments and ideas offered. We will continue to be rigorous and open in our examination of topics. As we progress with the update of the Town Plan of Conservation Development for 2020, we will regularly seek your suggestions and viewpoints. Thank you very much for caring and sharing your perspectives.

Sincerely

The members of the Weston Planning and Zoning Commission

Tom Failla, Chair, Jane Connolly, Vice Chair, Don Saltzman, Britta Lerner, Ken Edgar, Sally Korsh, Richard Wolf
