Northeast Utilities announced recently that it is initiating a \$30 million dollar fund to compensate customers who were without power for more than 7 days as a result of the October snow storm.

Any residential customer without power after noon on Saturday, November 5, as a result of the storm, would be eligible for credit applied to their Connecticut Light & Power bill - a minimum of \$100 to a maximum of \$200.

FROM CONNECTICUT LIGHT & POWER:

The fund will be open for application beginning Wednesday, December 7, 2011.

On that date, CL&P will begin contacting qualified residential customers to inform them of their eligibility to apply for the credit.

Also at that time, qualified customers can choose to apply at www.cl-p.com or by calling 888-566-9257.

All applications must be received by 5 p.m. January 31, 2012.

Credits will begin to be applied to the customer's February billing statement. No release of legal claims will be necessary in order to receive compensation from the fund.

Those customers who filed information through 211 for claims associated with the storm after the initial fund was announced will receive a credit on their bill without further application required if they are eligible.

If you have any questions please go to the CL&P website for more information: www.cl-p.com.
