Summer Open House Hosted by Women's League

By Catherine Revzon

Weston Women's League

(July 9, 2012) WESTON, CT -- Are you looking to meet other women and/or mothers in Weston? Would you like to connect with the Weston community and contribute to local charitable activities? The Weston Women's League (WWL) invites you to an Open House on Tuesday, July 17th starting at 11:30 am. This luncheon is an opportunity for current and past members to reconnect with friends during the quiet days of summer. It is also a great way for prospective members to learn about the League and its endeavors.

The WWL is a social and charitable organization dedicated to helping our neighbors in need. The League sponsors ongoing social events to help women connect with one another in addition to sponsoring many Weston community events, including the summer Farmer's Market, Main Street Weston, the Gingerbread Holiday Brunch, and Memorial Day BikeFest. "Many of our members join shortly after they move to town. It's really a great way to make new friends and to connect with the community," said Kim Burke, Membership Chair. "They also find it fulfills a desire to give back to help other families in our town and nearby."

To date, WWL has donated approximately \$600,000 to charities in Weston, as well as surrounding towns. Recent beneficiaries of fundraising efforts include Kids in Crisis in Norwalk, Alcohol and Drug Awareness Program (ADAP), and Weston Education Foundation.

Five years ago, the League also began hosting an annual baby shower for mothers who are part of the Families and Children's Agency MOMS program. "Our members really love to work with the mothers and new babies at this annual event," said Burke. If you are interested in learning more about the Weston Women's League or attending the Summer Open House, please contact Kim Burke at burkekimm@gmail.com for more information.
