

Help Weston Earn More Free Solar Panels!

For every 100 homes that enroll in

CTCleanEnergyOptions™

Weston is eligible to receive another free 1 Kilowatt solar system to be placed on a municipal building. We have now agreed to the recommendation to put the panels on the BOE Administration building. We need only 30 more sign ups (at 50% or 100%) to reach the next 100 and have 4 Kilowatt panels installed this summer.

Weston residents have an easy, affordable way to support clean, renewable energy at a 1.29 ¢per kilowatt-hour rate. You can sign up for 100% at a cost of \$6.50 per month (assumes 500 kWh/month) or only \$3.25 per month for 50% sign up.

Yes, I am a Connecticut utility customer who wants to help Weston earn free solar panels by signing up to support a blend of 80% wind and 20% small Connecticut and New England hydro. I know that by enrolling I will have a renewable energy premium of \$.0129 per kWh added to my monthly CL&P bill, and I will remain a customer of CL&P, which will continue to provide customer service and emergency response.
